Closed recently on this Sacramento home! Located in a great neighborhood but mostly all original. The seller was in contract on a new house and the previous buyer fell out. We were able to save the day and become the new buyer and close in 10 days while providing a 7 day rentback so he could move his stuff. Win-Win!

Tired of being a landlord?! This landlord was tired of managing tenants and wanted to liquidate his portfolio. We made a deal on 3 of his properties! It saved him hassle by having a cash buyer who could buy more than just one property and not deal with multiple different buyers in multiple different transactions. This is number 3 of 3
